Skills

Python, Machine Learning, FastAPI, HTML, CSS, Scikit-Learn, NLP, SQL, PostgreSQL, Pydantic, Next.js, React, Supabase, Streamlit, Git, GitHub, Claude AI, Google Gemini API, Groq (Llama 3), TF-IDF, SQLite, C++, C, VS Code, Postman, LeetCode

Projects

HunterAI — Multi-Agent Career Intelligence & Job Matching Platform Next.js, Tailwind, FastAPI, Python, Google Gemini API, Groq (Llama 3)

- Architected a multi-agent system using Python, orchestrating Google Gemini and Llama 3 models for resume parsing and skill gap analysis.
- Developed a high-performance matching and ranking engine with FastAPI, a Python framework, to cross-reference skills with job listings, leveraging REST API principles.
- Generated structured match percentages and dynamic skill badges, enhancing personalized career roadmaps.
- Integrated Supabase for PostgreSQL database management, user authentication, and secure document storage.
- Deployed a responsive Next.js frontend, utilizing HTML/CSS, enabling real-time UI updates and match recalculations.

AI-Powered Communication Routing & Spam Classifier Python, Scikit-Learn, Streamlit, NLP, TF-IDF

- Engineered an end-to-end NLP data preprocessing pipeline in Python, utilizing TF-IDF for feature extraction.
- Trained and optimized a Random Forest Classifier for communication filtering, achieving robust precision, recall, and F1 metrics in Machine Learning.
- Built and deployed a web interface using Streamlit to accept real-time text payloads, executing inference with sub-second latency.

Production-Style Patient Data Engine FastAPI, Pydantic, SQLite, Python, Git

- Built a modular, production-grade RESTful API with FastAPI (Python) utilizing APIRouters for structured operations on patient health records.
- Enforced strict input validation, serialization, and database schema mappings by leveraging Pydantic schemas and custom exceptions.
- Integrated structured application lifecycles and system logging to maintain complete execution audits.

Education

Chandigarh University, Mohali, Punjab

Bachelor of Engineering in Computer Science & Engineering (AI & ML)

Sadhguru Public Hr. Secondary School, Uttar Pradesh

2024–2025

Senior Secondary Education (Class XII) — CBSE Board

Sadhguru Public Hr. Secondary School, Uttar Pradesh

2022–2023

Secondary Education (Class X) — CBSE Board
